

Pot luck lunch Sunday 21 July

A large group of members descended on Lynnda and Tony Bouzaid's house for a very enjoyable social event. Thank you very much to Lynnda and Tony for their super organisation and hospitality.

As usual with Friendship Force events involving food, the lunch was plentiful and varied. Having the event in a home provided a congenial environment, in the true spirit of Friendship Force, welcoming others into our homes. This was remarked on by several members, who much appreciated the way a home is more conducive to getting around and talking to everyone compared with a hall.

After lunch, Ngaire gave us something to think about. We were divided into teams and had to exercise our memories with quiz questions followed by recognition of flags. Some interesting answers here! Just shows how many places we still have to get to! This was followed by a hat making competition. Friendship Force people certainly do have some imagination!

If you missed this one, don't miss the next pot luck.
